Assemblyman A. J. Assemblyman O'Connor (Independence League, Kings), insisted that "the paid agents of the New York Central" were fathering the Walker bill because it was a penaltyless, evasive measure. Majority Leader Alfred E. Smith said O'Connor was "a roarer who talked like a cheap anarchist."

"As a matter of fact," said Smith. "the McManus-Boylan bill would not result in the removal of the tracks from Eleventh avenue. The Walker bill will do that, but these fakers and socialistic anarchistic roarers who claim that the 'paid agents' of the Central are behind this bill don't want it to pass because it will remove the difficulty. They want to play to the galleries and get off a lot of cheap talk for the McManus-Boylan bill which amounts to nothing.
